

19 October 2018

The Honourable Peter Dutton MP  
Federal Member for Dickson  
Minister for Home Affairs

Via email: [peterdutton.mp@aph.gov.au](mailto:peterdutton.mp@aph.gov.au)

Dear Mr Dutton *Peter*

I note with interest your recent commentary on Youngs Crossing Road, Linkfield Road, Dohles Rocks Road and parking capacity at the Ferny Grove Rail Station.

I would be grateful if you could answer the following questions I have in relation to your comments:

1. You refer to a plan "sitting on the government's desk" in relation to Youngs Crossing Road. Neither the Department of Transport and Main Roads, the office of the Minister for Transport and Main Roads, the Moreton Bay Regional Council or my office is aware of such a plan. Are you referring to Option G from the previous plan that the former State LNP government decided not to proceed with? I am sure the community would be very interested to know which proposal you wish to support;
2. You have a petition running in relation to Linkfield Road. When can I expect to receive that petition? Both the community and I are very interested in a solution for Linkfield Road. Can you confirm the leaked figures of a Federal funding commitment for a Linkfield Road overpass and what plans were considered as a part of that funding process?;
3. Can you provide the correspondence or notes of briefings you sought in relation to your proposal in relation to parking at the Ferny Grove Rail Station? The Department of Transport and Main Roads has previously considered your proposal and I am very interested to learn how you came to a different conclusion to them; and
4. What correspondence or briefings did you receive in relation to your Dohles Rocks Road onramp announcement? Again, I am very interested in how you came to a different conclusion to both the Moreton Bay Regional Council and the Department of Transport and Main Roads.

I look forward to receiving timely advice from you on these matters.

Yours sincerely

**Nikki Boyd MP**  
State Member for Pine Rivers
